

19-22 April, 2022

Radboud University, Nijmegen, NL

Invitation for Sponsors and Exhibitors

Dear sponsors and exhibitors,

It is our great pleasure to invite you to EuroFAST2022, to be held from 19 – 22 April 2022 in the historic city of Nijmegen, the Netherlands.

Our world's global challenges with respect to access to good health and food, clean water and air, climate-resilient and secure societies require major efforts with respect to circularity and sustainability. However, they all have one crucial prerequisite in common: the availability of reliable analytical data, obtained by reliable and robust sensors, based on new fundamental knowledge obtained using high-tech analytical equipment. No meaningful future without meaningful data from analytical chemistry. EuroFAST2022 is hosted by the Section Analytical Chemistry (SAC) of the Royal Dutch Chemical Society (KNCV) and COAST, the Dutch Community of Innovation for Analytical Science and Technology.

EuroFAST stands for European Forum on Analytical Sciences and Technology. The Netherlands comprises several major roots of analytical chemistry and technology that dates back to the pioneering research by Izaak Kolthoff in innovative analytical methods in the early 1900's. Following this spirit, our philosophy for EuroFAST2022 is to enable the EU's Societal Challenges with Analytical Chemistry Solutions. We believe that revolutions in resolution, analysis of intact systems, bringing the lab to the sample, and assuring the availability of well-trained analytical chemists are all needed in order to combat the challenges ahead. We hope you will share this mission with us and are looking forward to an inspiring EuroFAST2022 event in The Netherlands.

Be ready for the future, get inspired by leading scientists for your own product development and marketing plans, meet your current and future customers that will shape the future by a radical renewal of the analytical toolkits. In this brochure you will find great opportunities for your company to participate in EuroFAST and to be at the forefront of novel tailored analytical solutions to future societal challenges.

We look forward to welcoming you in the Netherlands in April 2022.

*Yours sincerely,
Prof. dr Lutgarde Buydens
Chair EuroFAST2022*

Your advantages as a sponsor/exhibitor

- Show yourself and your featured product news to high numbers of high profile delegates.
- Meet decision makers from academia and industry in an informal setting on the one-floor live conference and exhibition.
- Extend your network and customer relations portfolio by inviting advanced students and scientific leaders to your booth and/or vendor seminars.
- Present yourself as an interesting employer to the next generation of international scientists.

Sponsor/exhibitor opportunities

We offer standard opportunities as listed below but we are also more than happy to discuss any special request or customized alternative that better suits your needs: please contact the organizers via euofast2022-partners@euofast2022.eu

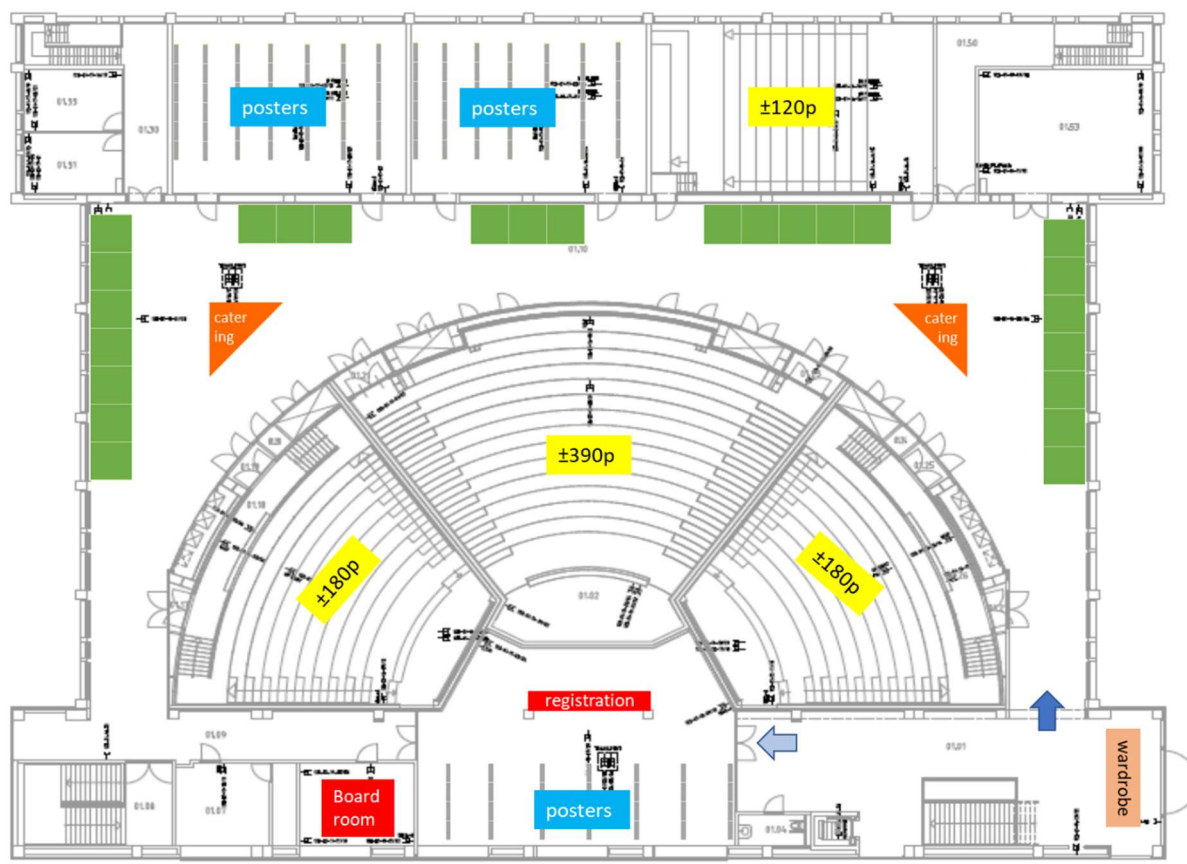

Exhibition hours

The exhibition will be open from Tuesday April 19 (noon) until Friday April 22, 2022 (noon), which will allow exhibitors to set-up their booth on Tuesday morning and travel back on Friday afternoon.

Venues

The event will be organized in the Linnaeus Building of the Radboud University, Heyendaalseweg 137, Nijmegen, the Netherlands and provide ample networking opportunities. The venue is centrally located on the Nijmegen Heyendaal campus, just 500 meters from railway station Nijmegen Heyendaal, and having excellent public transport connections by bus to the city centre (7 min). The city of Nijmegen is having a 4x/hr intercity railway service to Amsterdam Schiphol airport.

Exhibition floor plan of the event

The exhibitor booth locations (marked in green) are conveniently situated in the central lobby area, in between the lecture halls, poster areas and catering points, all on a single floor space.

Sponsor packages for the event

Pack	Sponsoring (euro) excl. 21% VAT	Description	comments
A	2750	4 m ² unit floor space for exhibition stand, 1x conference fee for one person, 1 folder or e-folder distributed at the registration, logo on website and in App, logo in the e-book of abstracts <i>Can be simply enlarged by ordering and coupling multiple adjacent units: 10% discount on multiple units.</i>	25 units available
